Intro

- Daniel S. Katz
  - Assistant Director for Scientific Software and Applications, NCSA
  - Research Associate Professor, CS
  - Research Associate Professor, ECE
  - Research Associate Professor, iSchool
- Software Institutes: Co-PI URSSI, Co-PI GSI, SI SCiMMA, part of IRIS-HEP
- Other software work: co-lead FORCE11 software citation work, co-founder WSSSPE, co-lead ReSA, instigator US-RSE

Why I'm here

- PhD in computational electromagnetics, and much work as a computational scientist

- Management and some responsibility at NCSA for groups that include computational scientists

- Work in computer science, including bits in applied software engineering

- General interest in making research software better
